Bachelor of Physical Education & Sports

(B.P.E.S. - 3 Years)

General Rules (Examination Ordinance)

1. The Examination for the Degree of Bachelor of Physical Education and sports shall consist of three part :

- (i) Part I
- (ii) Part II
- (iii) Part III

Candidates shall take B.P.E.S. Part I Examination at the end of the first year of the course, B.P.E.S. Part II at the end of second year of the course, and B.P.E.S. Part III (Final) at the end of the third year of the course.

2. A Candidate shall be eligible for appearing at the part I examination for the B.P.E.S. Degree if he/she has passed the Higher Secondary (10+2 Scheme) examination or Intermediate examination or the pre university (10+2) or pre-degree (10+2) or any other equivalent examination recognized by the Board of Secondary' Education, Rajasthan or any other Board recognized for this purpose by MD.S University, Ajmer as equivalent thereto or has taken a Certificate in Physical Education of at least two years duration after passing High School Examination from a recognized Institution of Physical Education. Subject to:

- (a) being selected on the basis of admission test prevailing in the year when admission is sought in the College.
- (b) having put in a minimum of 75 percent of attendance in Theory and Activity Class separately, the attendance shall be reckoned in terms of working days, lectures and Practical class separately,

3 A candidate who, after passing Part - I of the B.P.E.S. Examination has completed a regular course of studies for one academic year and has

put in a minimum of 75 per cent of attendance in each Theory. Activity subjects and Teaching practice separately shall be eligible for appearing in Part - II examination for the B.P.E.S. degree.

- 4 A Candidate who, after passing the Part-II of the B.P.E.S. examination, has completed a regular courses of study for one academic year and has put in a minimum of 75 *per* cent of attendance in each Theory, Activity subjects and Coaching lessons separately, shall be eligible for appearing at Part III examination for the B.P.E.S. degree.

In addition to the above provisions a candidate must fulfill the following requirements in order to be eligible to at the B.P.E.S. Part III examination.

- a. Should have attended a Leadership Training Camp.
 - b. Should have passed First Aid examination of St. John's Ambulance Association. The test will be conducted in B.P.E.S. Part II year.
5. There shall a final examination at the end of each year and a candidate will have to pass separately in Part I, II and III examinations and also separately in **Part-A** Theory: **Part-B** Practical Skills, **Part-C** Teaching ability (in B.P.E.S. Part II), and **Part-D** specialization (Consisting also of a Theory Paper in B.P.E.S. Part III, sessional mark and final Practical Examination).
 6. The result of examination shall be given separately in mark sheets for each year under three Heads (i.e.) Part A Theory Part-B Practical Skills. Part-C Teaching Ability for B.P.E.S. Part I, B.P.E.S. Part II. B.P.E.S. Part III marks sheet will carry cumulated result for preceding two years in additions to Part 'D' specialization. The degree will include one division on the basis of aggregate marks obtained in B.P.E.S. Part I, II, and III in all the parts i.e.
Theory (A) Practical Skills (B) Teaching ability (C) and Specialisation (D) Combined together.

To pass in Theory subjects in each of Part I, II and III, examinations a candidate must secure at least 36 per cent marks in each theory paper in the final examination and should also secure minimum 36% in sessional marks.

- (a) In Teaching Ability the minimum aggregate required: shall be 40 per cent and it shall consist of sessional grades and final examination at the end of the year.
 - (b) In practical skill the minimum aggregate required, shall be 40 per cent and it shall consist of sessional grades only. A candidate will choose four sports/games from the following groups A and B of (two from each group in B.P.E.S. Part II for an advance course). Depending on the administrative feasibility students may be required to take second or third option in case it is not practicable to offer particular Sports/games.
 - (c) In Specialization in B.P.E.S. III the minimum marks required shall be 36 per cent in Theory paper and 40 per cent in sessional work and final practical examination.
 - (d) A candidate will choose two games/sports (one from each group) out of the four offered in B.P.E.S. for specialization under part D. in B.P.E.S. Part III.
- 7 If a candidate fails in Part A (Theory) in B.P.E.S. I, II and III examination, or Part D specialization of B.P.E.S. Part III only, he will required to pass the subsequent examination only in the part/parts in which he has failed.
- (a) "A candidate failing in sessional grades in part D (practical skills) in B.P.E.S. I, II and III shall be allowed to take theory examination. In such cases the results may be with held till he/she takes supplementary tests in the part concern at the time fixed by the University for this purpose and passes in it. He/she will be eligible

for admission to the next higher class only in the year subsequent to his/her passing in both parts (Theory and Activity)

(b) No minimum pass percentage is prescribed in sessional marks in Teaching Ability (under part - C). However a candidate obtains pass marks 40 per cent in the final University Examination of Teaching Ability (under part - C) and also obtains 40 per cent aggregate marks. If a candidate fails in teaching ability examination and takes it at the time fixed by the University to this purpose and passes in it. He/she will be eligible for the admission to the next higher class only in the year subsequent to his/her passing in Teaching, Ability (Part - C).

8 A candidate must complete the course of study for the Degree of Bachelor of Physical Education and pass the final examination within a total period of six years commencing from his first admission to the B.P.E.S. I course.

9 The divisions shall be assigned to the successful candidate on the following basis:

Pass - 36 percent and above but below 48 per cent of the aggregate marks.

II Division - 48 percent and above but below 60 per cent of the aggregate marks.

I Division - 60 percent and above of the aggregate marks. A student securing 75 percent and above in any paper shall be declared to have obtained distinction in that paper provided he passed all the subjects in the first attempt and this fact shall be mentioned in Degree.

Distinction - 75 percent and above. Distinction obtained in any part/parts shall be mentioned in the degree awarded to the candidates. The marks of all the three examinations

(B.P.E.S. Part I, II and III) will count together for a place on the pass list and for determination of division. No division shall be assigned on the result of parts I and part II examination.

10. Those candidates who fail in only one paper of part A of B.P.E.S. Part I, II and III examinations and or in part - D (specialization) only of B.P.E.S. Part III examination held in April every year shall be eligible to appear in supplementary examination in the paper in which they failed and/or in Part D specialization of B.P.E.S. Part III examination to be held as far as possible in August/September every year subsequent to the main examination. Under Part D a candidate failing only in the written paper of practical examination shall appear only for the written paper or practical examination, as the case may be.

For the purpose of passing B.P.E.S. Part II examination or to be placed in the supplementary list. Part C (Teaching Ability) shall be considered to be equivalent to one Theory paper.

For B.P.E.S. supplementary examination the result shall be declared on the basis of the marks actually obtained by a candidate in each of the papers he/she passed in the annual examination, plus the marks obtained in the paper in which he/she took the supplementary examination and the division shall be awarded on the total of such marks. Such candidate however will be ineligible for a place on the merit list. If a candidate appears for supplementary examination in Part D (specialization) the sessional marks previously obtained by such candidates shall be repeated and division shall be decided on the aggregate of sessional marks plus the marks obtained in the supplementary examination. Such candidates too will be ineligible for a place on the merit list.

All the candidates who are declared to be eligible for appearing at supplementary examination may join the next higher class in anticipation of declaration of result for the supplementary examination at the option of the college. Their attendance, like those of the other students, shall be counted for the beginning of the session. If they fail in the supplementary examination held in July/August their admission in the higher class shall be cancelled. However, they will be permitted to take one more chance of appearing at the examination in the paper concerned to be held in April immediately following the supplementary' examination (If they fail also at the second chance examination, they shall have to appear a fresh in all the papers at the respective examination. If eligible under rule (6) above.

The candidates who fail more than one subject in B.P.E.S. Part I, II and III examination held in March/April shall not be eligible to appear at the supplementary examination. They will appear as ex-student in all theory subject next annual examination. Such candidates shall not be eligible for provisional admission to the next higher classes in the academic year.

- 11 Private candidate shall not be allowed to appear at the B.P.E.S. examination. Those candidates who appear at B.P.E.S. Part I, II or III examination, but are declared to have failed shall however be permitted to appear at annual examination as ex-students. In their cases the sessional marks previously obtained by them shall be carried over.
- 12 No candidates shall be awarded the B.P.E.S. degree unless he/she passed the Hindi and English qualifying examination.
- 13 The Examination Supplementary Examination fee shall be charged as decided by the University.

Scheme of Examination

Part-A:	10 Questions (50 words each) and of 3 marks each	30 Marks
Part-B :	10 Questions (100 words each) and of 5 marks each	25 Marks
Part-C:	10 Questions (400 words each) and of 15 marks each	45 Marks

B.P.E.S. PART - I

S.No.	Paper	Max. Marks	Min. Pass Marks
	Part A : Written Paper		
I	General Science	100	36
II	Basic and Systematic Anatomy	100	36
III	History of Physical Education	100	36
IV	Sociology	100	36
V	English	100	36
	Total	500	180
	Sessional Marks		
	Part B : Practical Skills (Internal Assessment only)		

B.P.E.S. PART - II

S.No.	Paper	Max. Marks	Min. Pass Marks
	Part A : Written Paper		
I	Physiology and Physiology of Exercise	100	36
II	Kinesiology	100	36
III	Psychology	100	36
IV	Methods in Physical Education	100	36
V	Introduction to Education and Educational Methods	100	36
	Total	500	180
	Sessional Marks	100	36
	Part B : Practical Skills (Internal Assessment only)	400	160

APPENDIX

1. For Theory Paper of 100 marks there should be six periods per week and for 50 marks 3 periods per week.
2. Weightage for practical periods should be same as in theory.

a. Course of B.P.E.S. I year (Practical) Committee recommend that there should be six games in 1st year to be introduced to the students with weightage of 50 marks for each game.

The syllabus of the games will be as follows:

- 1 Fundamental Skills of the game
2. Advance
3. Game Strategies
4. Rules and their Interpretation
5. Officiating and coaching

b. Course of B.P.E.S. IInd year Practicals : -

- (i) A set of six games, other than those of failed in the first year will be taken in II year Except (Athletics track and field) the syllabus format will be same as Prescribed in the 1st year.
- (ii) St. Johns Ambulance First aid test of 20 marks will be conducted during practicals.
- (iii) Leadership camp of 30 marks of ten days should be conducted in IInd year of course.

Part C : Teaching Ability

Sessional Marks	50	20
Final examination to be conducted by Internal and External Examiners	100	40
Total	150	60

B.P.E.S. PART III		
Part A Written Paper		
Paper	Max. Marks	Min. Pass Mark
Paper I Foundations of Physical Education	100	36
Paper II Management of Physical Education and Recreation	100	36
Paper III Corrective Physical Education and Treatment Prevention and Care of Athletics Injuries	100	36
Paper IV Health Education	100	36
Paper V Tests and Measurement	100	36
Total	500	180
Sessional Marks	100	36
Part D Specialization:		
Paper VI Principles of coaching in Two sports/games (50 each game)	100	36
(i) Practical Skill in (Internal Assessment only) (50 each game)	100	40
(ii) Coaching Lesson in two sport/games (50 each game) (External)	100	40
(iii) Sessional (10+10 each Theory and 15+15 coaching lesson in each games)	50	18
Total	350	134

B.P.E.S. PART I

Time - 6 periods per week

Max.Marks.100

PAPER – I GENERAL SCIENCE

Importance of Science various basic sciences, values of knowledge required for Physical Education.

Unit - I

Mechanics: Motion, Velocity, Projectile. Laws of Motion. Force Centrifugal Force, Centripetal Force, Gravity. Force of Gravity, Centre of Gravity, Equilibrium, Work, Power, Efficiency Energy. Transformation of

Energy. Friction, Levers Fluid Pressure. Barometer, Boyle's Law, Density & Specific Gravity.

Heat: Effect of Heat, Thermometer, specific heat and latent heat (Their importance in daily life) Transference of heat (conduction, Convection Radiation).

Light: Nature of light, Reflection of light at plane and curved surface. Lenses (Camera, Human Eye, Astronomical Telescope and Compound Microscope).

Sound: characteristics of Sound, Elementary Idea of Production and Transmission of Sound, Loudness, Pitch.

Magnetism And Electricity: Magnetic attraction and repulsion, magnets, electrification by friction and Induction, conductors and non-conductor current volt, ampere, electric cells (simple cell Daniel cell) Electromagnetic induction.

Note: The topics mentioned above are not meant for detailed study but to acquaint the student with general principles and their application in the modern scientific age.

The course of study does not include the solution of mathematical problems connected with the topics mentioned above.

Unit - II

Chemistry: Indestructibility of matter, Atom, Molecule Element Compound and Mixture, the atmosphere, diffusion and Reduction, Combustion, Respiration, Acids, Bases salts, Solubility Crystallization Oxygen, Hydrogen, Water, Carbon dioxide, Nitrogen, Ammonia and Chlorine.

Introduction to Organic Chemistry, Carbohydrates, Proteins. Fats, Oils Soaps.

Unit - III

Biology: Living Organism. Cell Protoplasm, Cell division Structure of Plants and Animals, Reproduction in Plants and Animals, Inter Dependence of Plants and Animals, Evolution and Heredity.

Practical: Practicals will be conducted to acquaint the students with practical aspects of the subject there will be practical internal examination for 10 marks. The marks of this examination will be added to the theory sessionals

Book Recommended :

PHYSICS:

1. Singh. Hamam. Sharma, GN. Chaudhary, M. and Dass, Nutan. A Text Book of Physics - Part I and II Delhi: Frank Brothers & Co. (Text Book)
2. Gramow and Gleaveland Physics, Foundations and Frontiers: M/s Prentice Hall India.
3. N.C.E.R.T. P.S.S.C. Physics. New Delhi : N.C.E.R.T. Publication.
4. Whitely, W.L. Test Book of Physics London : University Tutorial Press Ltd.

CHEMISTRY:

1. Upadhyaya, K.M. and Bhatnagar, A.P. A. Newest book of Inorganic Chemistry. Delhi : Frank Brothers and Co.
2. Soni, P.L. Fundamental Inorganic Chemistry. Delhi: Sultan Chand and Sons Publishers.
3. Bahl. B.S. and Sharma GD. Higher Secondary Chemistry, Delhi: S. Chand & Co.
4. Saxena, Ved Prakesh. Higher Secondary Chemistry. Delhi: Young man and Co.
5. Baiy: GH. and Bansor, H.W. Chemistry for Matriculation. London: University Tutorial Press.

6. Singh R.N. and Singh, S.N. Agricultural Chemistry Plant and Animal
Agra: Amrit Electro Press.

Time 6 Periods per week

Max. Marks 100

PAPER - II - BASIC AND SYSTEMIC ANATOMY

Unit - I

Introduction:

- Meaning and Concept of Anatomy. Need and Importance of Anatomy for the students of Physical Education.
- Definition of cell, tissue, organ and system. Microscopic structure of cell.
- Tissues: Classification, structure and functions of various types of tissues.

Skeletal System:

- Composition, Microscopic Structure of bones, functions of bones, general features of scapula, radius, ulna, humerus, hip bone, femur, tibia. Typical rib and Typical Vertebra. Brief introduction about the skull bones.
- Joints: Definition and classification of Joints: Anatomical structure of synovial Joints Terminology of movement around a Joint.

UNIT -II

Muscles:

- Structural and functional classification of muscles, Microscopic structure of muscles (skeletal, cardiac and smooth) and its significance,
- General characteristics (Properties) of muscles (Elasticity, contractibility and Irritability)

- Attachments and action of the important Muscles in relation to following parts of body. Shoulder Girdle, Shoulder Joint, Elbow joint, Hip joint, knee joint, Ankle joint.

Endocrine Gland and Special Senses:

- Endocrine glands, Anatomical structure of pituitary, thyroid, Pancreas, adrenals and gonads.
- Special senses: Anatomical structure of sense organs for vision, hearing and touch.

Unit - III

Systems:

- Basic knowledge of cardiovascular system including structure of heart, artery, vein and capillaries.
- Basic knowledge of Respiratory System including structure of bronchial tree and muscles of respiration.
- Digestive system: Anatomical structure of various parts of elementary canal, liver, pancreas, gall bladder etc.
- Nervous System: Names of the major parts of the brain, structure spinal cord and peripheral nerve reflex arch.
- Brief Account of Urino-genital system.
(a) Structure of Kidney and Urinary Tract, (b) Reproductive organs.

Practical : Practical will be conducted to acquaint the students with practical aspects to the subject. There will be practical internal exam, for **10** marks, the marks of this exam, will be added to the theory sessionals.

Books Recommended:

- MC Clerg, Anderon T., Human Kinetics and Analysing Body Movements; London Hein Mann Medical Book Ltd.

- Davis, D.V. Gray's Anatomy; London: Longmans Green and Co. Ltd.
- Pearce, Evelyn B., Anatomy and Physiology for Nurse; London: Faber and Faber Ltd.
- Pearce, J. W. Anatomy for Students and Teachers of Physical Education London : Edward Arnold and Co.
- Anderson. T.Mc. Creg Human Kinetics and Analysis body Movements. London: William Heinman Medical Book Ltd. 1961.

Time 6 Periods per week

Max. Marks 100

PAPER - III : HISTORY OF PHYSICAL EDUCATION

Unit - I

1. Definition of Physical Education its meaning and importance. Misconception about Physical Education.
2. Aims and objectives of Physical Education.
3. Physical Educations an Art and Science and as Academic discipline, as an multidisciplinary science.
4. Physical Education in ancient India - Vedic Period, Epic Period and Buddhist Periods, Yogic Physical Culture.
5. Physical Education in the city states of Greece.

UNIT -II

1. Survey of Modern Physical Education in India- Pre and Post independence period.
 - (a) Physical Education and Sports Training Institutions in India.
 - (b) Indian Olympic Association.
 - (c) Society for the National Institutes of Physical Education and Sports.
 - (d) Sports Authority of India.

- (e) Association of colleges of Physical Education, Indian Association of Teacher of Health. Physical Education and Recreation, Indian National Recreation Association.
2. Youth Welfare Programmes N.C.C., N.S.S., N.S.O., Scouts and Guides. Youth Hostels. Association of India. National Associations and State Council of Sports.
 3. Schemes for promotion of Physical Education and Sports Preparation of Popular Literature, Research in Health. Physical Education and Recreation. Arjuna Awards, Dronacharya Awards. National Sports Scholarship. National Associations and State Council of Sports.

Unit - III

Modern Olympic Games : Start of Olympics, Objectives of Olympic, Olympic motto and Flag. Olympic charter opening and closing ceremonies, Olympic commission and their functions.

Contribution to the growth of Physical Education by leaders and movement in the following countries.

- Germany Johan Basedow, Johan Fredrick. Guts Muths Fredirek Ludwing Jahn. Abolph Spices. Tumverin Movement. Sweden (per Henric Ling).
- Denmark (Frank Nachtegal, Niels Burke Swedish Medical Gynmastic).
- Great Britain “Archibald Maclaren, British Games and Sports, U.S.A.; (Dio Lewis) and Y.M.C.A. and its contribution, U.S.S.R. Physical Education in Schools, the Spart kind.
- India: Pt, Jawahar lal Nehru, GD. Sondhi. Rajkumari Amrit Kaur, Dr. P.M. Joseph, Prof. Karan Singh. Dr. J.P. Thomas, Shri H.C. Buck, Prof. D. G Wakharkar.

Books Recommended:

1. Leonard, Fred Engenc and Affleck George B., Guide to the History of Physical Education, Philadelphia : Leo and Febiger 1962.
2. Moyumd, D.C. Encylopaedia of Indian Physical Culture, Baroda; Goods osupauiies 1952.
3. Rice Emmett. A Hutchinson, John L and Loc Marbel A Brief History of Physical Education, New York The Ronold Press Company 1960.
4. Rajgopalan K.A. Brief History of Physical Education in India, Delhi Army Publisher- 1962.Bombay
5. Wakharkar, D.G Manual History of Physical Educational. Bombay Port Publisher Pvt. Ltd.
6. Krishan Murthy, V. and Ram. N. Parameshwar. Educational Dimensions of Physical Education. New Delhi : Sterling Publishers. 1980.
7. Barrow, Herold M. Man and Movement - Principles of Physical Education : Philadelphia : Led and Febiger, 1983.
8. Singer, R.N. (ed.) Physical Education : Foundation New York: Hall. Rinehart and Winston.

PAPER - IV : SOCIOLOGY

Unit - I

Sociology and its Basic Concepts

1. Nature, Scope and method of sociology, relationship of sociology with other social sciences.
2. Society, community association, institutions customs, folkway, values and norms.
3. Man is a social animal, attitudes and interest in social life.
4. Difference of heredity and environment on personality development.

Social Structure, Organization and Institutions:

1. Socialization, social codes, and social control Groups (Primary and Secondary Crowds and publics, family, kinship and marriage)
2. Social stratification, social class and caste social mobility.
3. Economic and Political institutes for society.
4. Cultural and Religious institution.

Unit – II

Main Features of Indian Society:

1. Demographic profile, social elements.
2. Religions Pluralism - Hindu, Muslim, Christian and Tribal.
3. Linguistic Pluralism.
4. Indian Policy - Secularism, democracy social justice.

Rural India:

1. Indian village, rural people, rural family rural education, changing rural scene.
2. Indian village community, rural stratification.
3. Community Development Projects and Panchyati Raj.
4. Trends in rural change.

Unit - III

Culture

1. Origin and growth of culture, culture and civilization.
2. Individual and culture.
3. Concept, factors and process of social cultural change.
4. Sport as a social phenomenon and a cultural produce. Spoil and socialization process and objective.

Books Recommended:

1. Iyer, M.C. Society London : Me. Millan & Co.,
2. Ogburn, Willian F. and Nmikoff, Meyer F., Hand Book of Sociology : New Delhi : Eurasia Publishing House.

3. Mukeijee, D.P. Sociology of Indian Culture : Jaipur Rawat Publication. 1979.
4. Desai, A.R. Rural soicology in India, Bombay : Pupular Prakashan Private Ltd., 1969.
5. Loy Jr. John W., Kenyon. Gerald., and Mcpherson Bam' D. Sports Culture and Sorietv. Philadelphia Lcr. and Febiger.

Time 6 Periods per week

Duration : 3 hrs.

Max. Marks 100

PAPER - V : ENGLISH

UNIT I

1. (a) English Clause and Phrase structure
(Noun, Phrase, Preposition pharase, Infinitive Pharase, Participle Pharase and Gerundial Pharase)

UNIT II

- | | |
|--|-----------|
| (b) Common English Errors | 20 Marks |
| (c) Letter-writing: Letter related to student life | 10 Maries |
| (d) Report writing | 10 Marks |
| (e) Paragraph writing | 10 Marks |
| (f) Comprehensions of an unseen passage. | 25 Marks |

Objective type questions and questions requiring brief answers in a sentence or so.

UNIT III

Text Book

Guide by R.K. Narayan

Question from the text requiring short answers of about 50-80 words

25 Marks

Book Recommended.

1. Communication skills in English (O.U.P.)
2. English errors of Indian students (O.U.P.)

3. Intermediate Practice Book : Pit Corder.

PRACTICAL SKILL

Max Marks : 300

There should be six games in Pt. I to be introduced to the students with weightage of 50 marks for each game. The syllabus of the games will be as follows:

1. Fundamental skills of the game.
2. Advance skills of the game.
3. Game strategies
4. Rules and their Interpretation
5. Officiating and coaching.

B.P.E.S. PART - II

PAPER -1 PHYSIOLOGY OF EXERCISE

Theory :

Time: 6 periods per week

Max. Marks 100

Introduction:

1. Concept of Physiology
2. Minute structure and function of cells and tissues.
3. Essential properties of living organisms.
4. Elementary idea of solutions and colloids and the passage of water and soluble through living membranes.

Cardio Pulmonary System:

A. The cardio-vascular system and Blood :

1. Cardiac-cycle.
2. Pumping action of heart and its regulation.
3. Blood pressure, it's maintenance and regulation.
4. The cardiac output and it's regulation.
5. Functions of blood and blood clotting.

B. The Respiratory Systems:

1. Mechanism of Respiration

2. Pulmonary ventilation and its regulation.
3. Second-wind, Oxygen-debt.

Unit - II

Digestive, Nervous and Sensory System:

A. Digestive Systems:

1. Secretion and function of the digestive juices.
2. Functions of liver.
3. Absorption of food.
4. General metabolism, metabolism carbohydrates fats and proteins.
5. Temperature - regulation.

B. Nervous System:

1. Functions of the important parts of the nervous system, cerebrum, medulla oblongata, thalamus, cerebellum and spinal cord.
2. Functions of autonomic nervous system.
3. Basic Physiological mechanism governing posture and equilibrium.

C. Sensory System:

1. General Sensation (coetaneous and kinesthetic).
2. Various form of senses with special reference to vision and hearing.

UNIT - III

Excretory, Endocrine and Reproductive Systems:

The Excretory Systems: Excretion of water from the body through Skin (sweating) lungs, kidney and G.I. Tract.

A. The Endocrine System:

1. Secretion of endocrine glands (Pituitary, Thyroid, adrenal and pancreas).
2. Role of their Secretion in growth, development and body functions.

B. Reproductive system:

1. Physiology of human reproduction.
2. Basic knowledge of transmission of hereditary characteristics.

C. Physiology of Exercise:

1. Physiological concept of health and fitness.
2. Effect of exercises on respiratory, circulatory and muscular system.
3. Changes during muscular contraction.
4. Nerve control of muscular activity.
5. Warming-up conditioning and training.
6. Stitch and cramps.

Practical:

Practicals will be conducted to acquaint the students with practical aspects of the subjects.

There will be practical internal exam for 10 Marks and the marks of this exam, will be added to the theory sessionals.

References:

PAPER II : KINESIOLOGY

Time 6 periods per week

Max.Marks 100

Unit - I

INTRODUCTION:

1. Definition, brief history and important contributions Aristotle, Leonardo da Vinci, Alfonso Borelli, Weber Brothers Benjamin Duchenne.

2. Aims and objectives of Kinesiology.
3. Role of Kinesiology in Physical Education and Physical Medicine.

4. Fundamental Concepts :

Definition and brief explanation of the following terms and their application to the human body.

Axes and Planes. Centre of Gravity, Line of Gravity Base, Starling Positions.

5. Anatomical Concepts:

Review of classification of joints and muscles, Terminology of fundamental movements.

UNIT II

1. Types of Muscle-contraction (Isometric and Isotonic-Concentric. Excentric) Muscle's Angle of Pull, Two Joint Muscles, Reversal of Muscle's Customy function.
2. Strength of the muscle contraction in terms of motor units. All or None Law. Reciprocal innervation and inhibition.
3. Upper Extremity:
 - a. Major characteristics location and action of major joints of shoulder, hip, knee, girdle Elbow; forearm and wrist joint.
 - b. Location and actions of major Muscles at these joints.

Mechanical Concepts:

1. Concept of mechanical basic of Kinesiology and its application to Physical Education and Sports.
2. Definition and brief explanation of the following basic terms: mass, weight, force, motion, equilibrium, friction, speedr velocity and momentum.

Kinesiological Fundamental of Mechanics:

1. Simple Mechanics found in the Musculo-skeletal system (**Leverage** and its application to human body).

UNIT III

1. Laws of motion and their application to sports activities.
2. Forces:
 - a. Moving one's own body.
 - b. Giving impetus to External Objects.
 - c. Receiving impetus.
3. Equilibrium:
 - a. Role of Equilibrium in Sports and Games.

Application:

1. Application of basic mechanical principles of walking, running and jumping.
2. Motor skills of daily living.
3. Application of mechanics in prevention of injury.

Practical:

Practicals will be conducted to acquaint with practical aspects of the subject. There will be practical internal exam, of 10 marks. The marks of this exam will be added to the theory sessional.

PAPER - III : PSYCHOLOGY

Time 6 periods per week

Max. Marks 100

Unit - I

Meaning and Nature of Psychology:

- Sources of Psychology
- Delimitations of Psychology
- Psychology as a Science
- Branches of Psychology.
- Importance of Psychology in Education with Special reference to Physical Education.

Growth and Development:

- Meaning of growth and development
- Development by maturation
- Development by exercise and learning
- Behavioural development with special reference to perceptual, language, intellectual, social, emotional and physical.
- Individual differences :

Meaning of the term individual differences. Heredity and environment as causes of individual differences. Interaction of heredity and environment.

Unit - II

Learning:

- Meaning and nature of learning
- Principles of learning
- Factors affecting learning.
- Types of learning.
- Theories of learning (Trial and error, conditioned reflex, insight theory, Learning by imitation).
- Meaning of transfer of training.
- Conditions of transfer of training.
- Learning curve
- How to overcome plateau.

Motivation:

- Meaning of motivation
- Concept of need, drive, motive, incentive and achievement.
- Types of motivation.
- Role of motivation on teaching physical activities.

Unit -III

Personality:

- Meaning and nature of personality
- Physiological and social factors in personality
- Development of personality

Memory

Definition of Memory, Types of memory Mechanism of the process of remembering, Memory training, Meaning of forgetting. Reasons of

forgetting, Curves of forgetting. Importance of memory in learning physical activities.

Emotion:

- Meaning and nature of emotion.
- Types of emotion.
- Emotional experiences (anxiety and fear) and their effect on learning of physical activities.

PRACTICAL

Practicals will be conducted to acquaint with practical aspects of the subject. There will be added to the theory sessionals.

6. Silva. J.M. and Weingberg, R.S. Psychology Foundations of Sports. Illinois. Human Kinetics. Publishers Inc.

PAPER IV : METHODS OF PHYSICAL EDUCATION

Time 6 periods per week

Max.Marks 100

Unit - I

1. Meaning of the term “Teaching methods” its scope and importance. The factors to be considered in determining the methods of Teaching.

2. Types of methods : Part whole method, whole part method, command method, discussion method, project method demonstration etc. limitation method.
3. Principles of Teaching : Presentation Technique:
 - a. Personal Preparation
 - b. Technical Preparation
 - c. Steps of presentation
 - d. Commands and their technique
 - e. Situation which require different words of command.
 - f. Types of formations.
 - g. Principles of class management.

Lesson Planning:

- 1 Types of lessons and their values.
 - (i) Objectives of different lesson plans and Parts of the lessons Introductory and development.
 - (ii) Skill practice/group work.
 - (iii) Class activity/Recreation Part (Reassembly, Revisions and Dismissal).

Unit - II

1. Organization and conduct of competitions.
 - Track and field
 - Gymnastics
 - Weight lifting, Body building and best physique contest
 - Wrestling and combative
 - Swimming, Diving – Aquatics
 - Games and Sports tournaments
2. Tournaments - Organization, meaning and their types
 - Knockout type of Elimination double elimination tournaments.

- League (Single - Double) or Round Robin type.
 - Combination type of tournament.
 - Challenge of Perennial type (Ladder - Pyramid type)
 - Miscellaneous type for small area games.
3. Marking of Tracks and Play Fields
- Track and field - Track - 400 meters standard 200 meters
 - Play field - Football, Volleyball, Baskets ball. Hockey, Badminton, Kabaddi, Kho-Kho, Cricket, Softball, as per International regulations.

Unit - III

1. Audiovisual aids and teaching gadgets
 - Values and uses of audio visual aids
 - Criteria for selecting the aids
 - Steps to be followed in using teaching aids.
2. Publicity - Meaning and methods of Preparation
 - Demonstration
 - Play days
 - Exhibitions
 - Sports for all days
3. Improvisation - Ways and means of improvisation
 - (a) Area (b) Apparatus
 - (b) Equipment (d) Leadership
 - (e) Need (f) Importance
 - (g) Basic methods of evaluation
 - (i) Observation
 - (ii) Interview
 - (iii) Test and Measurements
 - (iv) Corporative evaluation by Pupil and teacher

- Knapp. Clyde and Hagan, E.P. Teaching Methods for Physical Education. New York. McGraw Hill Book Co. 1948.

PAPER V**INTRODUCTION OF EDUCATION AND EDUCATIONAL METHODS**

Time 6 periods per week

Max. Marks 100

Unit - I**Introduction:**

1. Meaning, aims, objectives, agencies of education:
 - (a) Derivative approach and definition of education.
 - (b) Narrower and Broader Meaning of education.
 - (c) Various types of Aims and objectives of education.
 - (d) Agencies of Informal and formal education.
2. Types of Education :
 - (a) Vocationalization and Craft Education
 - (b) Social and Physical Education
 - (c) Education for International Understanding.

History of Education:

1. Landmarks of Education in Ancient Medieval and British periods.
2. Gurukuls, Madarsas, Macaulay's Minutes and Wood's Despatch.

Unit – II

Maxims of Teaching, Methods of Teaching and the School:

1. Maxims of Teaching and Importance of teaching methods.
2. Various Teaching Methods-lecture-cum-demonstration method.
3. Herbartian steps and lesson planning.
4. Uses of Teaching Aids.
5. Evaluation Procedures.

The School and the Community:

1. Relation between school and community
2. Structure and role of the school.
3. Staff, Timetable, Students classification and Promotion of educational activities.
4. Methods of motivation and discipline.
5. Discipline Formal and Educative.

Unit - III

1. Philosophy and Education

- Relationship between Philosophy and Education.
- Different schools of Philosophy viz. naturalism. Idealism and Pragmatism.
- Educational Philosophers namely, John Dewey, Jean Jacques Rousseau. Friedrich Augustus Froebel, Maria Montessori, M.K. Gandhi, Swami Vivekananda and R.N. Tagore.

2. New Teaching Techniques and Innovations

- Art of Questioning and Answering
- Proper Techniques of Asking questions
- Principles for dealing with answers.

3. Preparation for Teaching :

- Preparing for Entry to teaching profession
- The Education of a Teacher.
- Responsibilities of a Teacher.

Practical Skill

- (i) A set of six games, other than those offered in the first year, will be taken in IInd Year. Year (Except Athletics track and field) The syllabus format will be same as prescribed in the 1st year.
- (ii) John Ambulance First aid test of 20 marks will be conducted during practicals.
- (iii) Leadership camp of 30 marks of ten days should be conducted in IInd year of course.
- (iv) Coaching Ability of 50 marks in two games should be conducted in IInd year of the course.

B.P.E.S. PART-III

PAPER - I

FOUNDATIONS OF PHYSICAL EDUCATION

Time 6 Periods per week

Max. Marks 100

Unit - I

Biological Foundations:

- (i) Need for studying principles - Meaning and sources.
- (ii) Heredity, Environment and its importance and stages of growth and development.

- (iii) Biological Basis of life and biological weaknesses.
- (iv) Principles governing physical and motor growth and development.
- (v) Chronological, Anatomical, Physiological and Mental ages of Individuals - their implications in developing and implementing programme of physical education.

Unit - II

Psychological Foundations:

- (i) Importance and implication of psychological elements in physical education.
- (ii) Motions about mind and body and psycho-physical unity of man.
- (iii) Learning curve.
- (iv) Conditions and factors effecting learning.

Physiological Foundations:

- (i) General Benefits of exercise.
- (ii) Benefits of exercise to the various systems.
- (iii) Basic principles of exercise and physical education programme.
- (iv) Kinesthetic sense and performance.

Unit - III

Philosophical Foundations:

- (i) Idealism and physical Education.
- (ii) Pragmatism and Physical Education.
- (iii) Naturalism and Physical Education.
- (iv) Existentialism and Physical Education.

Sociological Foundations:

- (i) Physical education and sports as a need of the society.
- (ii) Sociological Implications of physical education and sports.
- (iii) Physical acclivities and sports as a man's cultural heritage.
- (iv) Physical education and sports as a social institution and their influence on society.

**PAPER - II MANAGEMENT OF PHYSICAL EDUCATION AND
RECREATION**

Time 6 Periods per week

Max.Marks 100

Unit - I**Introduction:**

1. Meaning and Definition of Planning, Organization, Administration and Management and their nature and scope.
2. Importance of Planning and Management in Educational Institutions.
3. Principles of Planning and Management. Organization Structure:
 - a. Working out an effective scheme of Organization.
 - b. Scheme of Organization in school, college and university.
 - c. Scheme of Organization in the District and State Education.

Facilities and Equipments:

1. Lay out of the school building and other facilities.
2. Types of buildings, laboratories, other built-up facilities.
3. Layout of Physical education falsities common and special.

4. Need and importance of equipment for physical education and recreation.
5. An Ideal List of equipment for physical education and recreational activities.

Unit -II

Staff and Leadership:

- a. Head of the Institute, his role in bidding the spirit of discipline in sports and students.
- b. Importance of qualified teachers of Physical Education and recreational leaders.
- c. Qualities of good teachers/teachers of physical education.
- d. Development of voluntary services of other teachers.
- e. Students leadership, its importance and limitations.
- f. Staff cooperation.
- g. Selection of training of student leaders.
- h. Recognition of staff and student leaders.
- i. Public Relations:
 - a. Definition and need.
 - b. Principles of Public relations in physical education.
 - c. Techniques, use of media.
 - d. Relations with parents, public and other bodies.
 - e. Demonstration, displays on special occasions.

Unit - III

Intramurals and Extramurals, Public Relations:

A. Intramurals:

- a. It's importance and Planning.
- b. Events of Competition. Time and Facility factors.
- c. Point system, awards, recognition.

B. Extramural:

- a. Outcomes of participation (educational)
- b. Limitations in participation.
- c. Selection and training of teams.
- d. Participation, finances and other aspects.

C. Equipments of Physical Education

- a. Realistic approach in purchases, purchase procedures.
- b. Development of improvised equipment.
- c. Storing, store-keeping.
- d. Care, maintenance, repairs and disposal of equipment.

Office Management and Budget:

- a. Maintenance of Records.
- b. Office correspondence, filing and reports.
- c. Physical education budget and its preparation.
- d. Income and expenditure (sources)
- e. Maintenance of Accounts.
- f. Petty Cash.

PAPER - III

CORRECTIVE PHYSICAL EDUCATION

Time 6 Periods per week

Max. Marks 100

Unit - I

A. Meaning and Scope of “Correctives” in Physical Education.

B. Posture and its deviation.

1. Definition, standards of standing posture, values of good posture, causes and drawbacks of bad posture.
2. Common postural deviations, their causes and remedial exercises,

a. Kyphosis	c. Lordosis	e. Bowlegs
b. Scoliosis	d. Knock-knees	f. Flat feet
3. Organization of a corrective - Gymnastic Class (Group therapy) and its advantage.

C. 1. Scope of Sports injuries in Physical Education.

2. Hazards of incomplete treatment and

3. Role of a trained personnel in the management of the sports injuries.

D. Prevention of Injuries:

- a. Factors predisposing the Sports Injuries.
- b. General principles regarding the Prevention of injuries.

E. Common sports injuries and their immediate treatment.

- | | | |
|---------------|--------------|----------------|
| 1. Contusion | 4. Sprain | 7. Fracture |
| 2. Abrasion | 5. Strain | 8. Dislocation |
| 3. Laceration | 6. Haematoma | |

Unit - II

Rehabilitation:

1. Definition Aims, objectives and scope of rehabilitations.
2. Goals of Rehabilitation.
3. An introduction effects and uses of Therapeutic Modalities in Rehabilitation.
 - Cold Therapy
 - Infra Red Radiation
 - Contrast Bath
 - Wax Therapy
 - Hydrotherapy
 - (Exercises under water)

Therapeutic Anti sports Massage:

1. Definition and brief history of massage and remedial exercises.
2. General approach to Massage Manipulation.
3. Common Physiological effects of Massage.
4. Common Massage Manipulations used in Sports and Athletics and their therapeutic uses:
 - Effleurage
 - Kneading
 - Petri sage
 - Friction
 - Percussion
 - Manipulations
 - Shaking Manipulations.
5. Contra-indications of massage in general.
6. Techniques of Massage for the limbs, back and neck.

Unit - III

Therapeutic Exercises:

1. Definition and scope of Therapeutic exercises in Athletic injuries.
2. Classification, Physiological effects and uses of the following.
 - a. Active Exercises (Free, Assisted and Resisted movements)
 - b. Passive Exercises (Relaxes and forced movements)
3. An introduction to Progressive resistance exercises method.

Techniques of Therapeutic Exercises:

1. Muscles strengthening Exercises :
 - a. Causes of Muscle-weakness & their preventive methods.
 - b. General Principles of Muscle strengthening.
 - c. Manual Muscle testing: A Method of assessing Muscle-strength.
2. Stretching and mobilizing exercises :
 - a. Factors causing limitation of Joint Range, General mobilizing methods, and practical demonstration of exercises to mobilize the shoulder, elbow, wrist, hip knee, ankle and foot.
3. Testing of common soft tissue tightness or contractures and suitable exercises to stretch them.
 - a. Hip flexors particular Rectus femoris - Muscle.
 - b. Iliotibial Band.
 - c. Hamstring
 - d. Heel cord (Achilles tendon)

Practical:

Practicals will be conducted to acquaint the students with practical aspects of the subject. There will be practical internal exam, for 10 marks. The marks of this exam, will be added to the theory Sessionals.

PAPER - IV : HEALTH EDUCATION

Time 6 Periods per week

Max. Marks 100

Unit - I

Health:

- | | |
|-------------------------|-------------------------|
| 1. Concept of Health | 4. Positive Health |
| 2. Dimensions of Health | 5. Ecology of Health |
| 3. Spectrum of Health | 6. Determines of Health |

Health Education:

1. Concept, objective and Scope.

2. Principles of Health Education.
3. Communication in Health Education.
4. Public Health Education in attainment of Health Goals.

Health Problems:

1. Communicable diseases
2. Nutrition
3. Environmental Sanitation
4. Medical care
5. Population

Organisation and Administrative set-up of Health System in India

1. Centre level
2. State level
3. District level

Planning of Health Education Programme:

1. Practice of Health Education Programme.
2. Steps to be followed in Planning and Health Education Programme.
3. Brief Description of Maternal Child Health

Hygiene:

The concept, Care of skin, mouth, nails, clothing, bathing etc.,
Importance of rest, sleep and exercise.

Community Health:

Brief account of Housing, water Supply, Sewage and refuse disposal

School Health Service :

1. History and Health problems
2. Objectives of school health service.

Aspects of School Health Service:

1. Health Appraisal
2. Remedial measures and follow-up
3. Prevention of communicable diseases

4. Houseful school environment
5. Nutritional services.
6. First-aid and Emergency care
7. Mental health
8. Dental health
9. Eye-health service
10. Health Education
11. Education of Handicapped children
12. School Health Records.

Food and Nutrition:

Classification of foods, Proximate Principles and Role of various nutrients.

Balanced diet:

Definition, Principles of preparing and balanced diet. Balanced diet for Indian Player/School children. Malnutrition and Adulteration of food.

Unit - III

National Family Welfare Programme:

Concept, need and importance and role of Health Education in family welfare programme.

Sex Education :

Concept need and Organisation of sex education at school level.

National Health Programmes in India :

- (a) NMEP (National Malaria Eradication Programme)
- (b) DDCP (Diarrhea Diseases Control Programme)
- (c) NFCP (National Filaria Control Programme)
- (d) National TB Control Programme
- (e) STD Control Programme

International Health Agencies:

1. WHO
2. UNICEF
3. UNDP
4. FAO
5. ILO

Evaluation:

1. Evaluation of Health Education Programme.
2. Importance of Evaluation of Health Education Programme.

PAPER - V**TESTS AND MEASUREMENT**

Time 6 Periods per week

Max. Marks 100

Unit - I**Introduction:**

1. Meaning of Tests, Measurements and Evaluation, Need and Importance of Tests and Measurements and Evaluation in Physical Education.
2. Meaning of Statistics. Need and Importance of Statistics.
3. Meaning of Data, Kinds of Data.
4. Frequency Tables - Meaning, Construction and uses. Population and sample, sampling techniques-import3P.ce and principles.

Fundamentals of Statistics:

1. Measures of Central Tendency - Meaning, uses and calculation from frequency tables.
2. Measures of variability - Meaning, uses and calculation.
3. Graphical representation of Data-Meaning uses and techniques.
4. Percentiles - Meaning, uses and calculations.
5. Correlations - Meaning, uses and calculations.

Unit - II

Test Evaluation and Construction:

1. Knowledge Test, Importance and types.
2. Items to be included in objective and subjective knowledge tests
3. Criteria of tests selection
4. Administration of Testing Programme

Measurement of Health Status:

1. Measurement of nutritional status (subjective and objective).
2. Somatotyping – A brief account of Kretchwer's and Sheldon's body types.
3. Medical Tests - Vision (Shellen's Chart) Hearing (watch tick method) Blood pressure, vital capacity.

Unit - III

Measurement of Social Efficiency, Physical Fitness and Skill Performance:

1. **Social efficiency** - Meaning of administration and interpretation of behaviour rating scales.
2. **Sports skill tests** - leotard and Mc Phersons Badminton Test.
 - Johnson Basketball Ability Test.
 - McDonald Soccer Test.
 - Brady Volleyball Test.
 - Dribble and Goal Shooting test in hockey.

3. Fitness Test-Roger's PFI, AAHPERD; Youth Fitness Tests. Indiana Motor Fitness Tests, ICR Test and Kraus-Weber Test.

References:

SYLLABUS OF SPECIALIZATION (PART - D)

B.P.E.S. PART-III THEORY

The following games/Sports are included in the syllabus of the course Track and Field, Gymnastics, Basketball, Cricket, Football, Hockey, Handball, Judo, Volleyball, Swimming, Badminton, Boxing, Lawn Tennis, Kabaddi. Kho-Kho, Archery, Table-Tennis, Weight Lifting and Wrestling.

The General format for covering the theory aspect for each of the above sport/game is given below: -

Content for topics

1. History of games/sport

- a. In India
- b. In World

2. Organization of sports:

- a. Working of Federations Formation and working of District, State. National and International Association and Federations.

- i. In India
- ii. In world

3. Techniques:

- a. Creative drills of the game.
- b. Basic and advance skill of the game.
- c. Biomechanical Engineering of the game.

4. Tactics and Strategy.

- a. Tactical training.
- b. Various system of playing the game

5. Training:

- a. Load-Warming up. Type of Load, Conditioning, Principles. Frequency, Duration intensity, Weight Training, Principles.
 - b. Typical injuries of the game and rehabilitation.
6. (a) Rules and their interpretation and popular terminology of the game.
(b) Equipments and their specification and their care.

For Part-D Specialization

There will be two papers carrying 50 marks each of three hours duration in theory. The paper will be as follows:

(a) Paper Ist : Teaching ability

- Athletics
- Gymnastics
- Yoga

Athletics: Sprints, Middle distance running, long distance running, jump, throws, Teaching of basic skills in running, jumping and running, Track and field rules regulation and their interpretation. Officiating and Organization, of Athletics mat track marking and its maintenance.

Gymnastic: Compulsory and optional exercises, Basics kills, Rules and there interpretation, Lay out of equipment and their care. Organization of Gymnastic competition.

Yogic Vyayam: Yogic Suksham Vyayam. Yoga Asana, Pranayam Kapal Bhati, Kunjal swas prakshya, importance of yoga exercise in daily life.

(b) Paper IInd coaching ability

As Prescribed in present syllabus in part-D will be continue.

(a) In part 'C' sessional Teaching ability there should be five Internal lesson of Health Education Classroom teaching of Class IX and X syllabus presentation by the Board of Sec. Edu. Raj., Ajmer.

Phy. Edu. Activity Teaching Practice Lesson	25 Marks
Sessional	50 Marks

(b) Final Examination to be conducted by Internal and External

a. Class Room teaching Health Education lesson	25 Marks
b. Physical Education Activity Lesson	25 Marks

Total **50 Marks**

Four questions of objective nature of marks should be asked in each section with a major question of 16 marks of subjective nature. Each section will be of 20 Marks.
